Address of Property: 13212 Cactus Flower Drive Houston, TX 77070

Key Map Location: 325J

Name of Property: Tortoise Crossing Estates

Management Company Name: Tristar Management

Contact Name: John Doe (Division Manager)

Phone: 555-555-5555

Description of work to be approved: Inspection of the entry gates, EAAP devices, locks and entrance driveways.

Location and type of gates used: The system is comprised of a set of two sliding driveway gates that are opened automatically by code or gate card. One set of gates is located close to the corner of Fallbrook and Legacy Park Drive. The other set of gates is located close to the corner of Goodspring Drive and Legacy Park. The stationary gates are secured by drop bars and locked with Master locks. This stationary gates swing out toward Legacy Drive when unlocked with a labeled key located in both the 911 boxes at each electronically controlled gate location.

Location and operation of manual override systems: In case of power failure gates can automatically be slid open. An On/Off toggle switch is located in the 911 boxes at each electronically controlled gate.

Location of EAAP: The 911 box containing the toggle switch and master lock keys are located to the right side of each electronically controlled entry/exit gate and can be accessed from outside the property.

Sincerely,

Jane Doe
